NOTE FOR: The Director
FROM: Dave Gries
SUBJECT: Supporting Contra aid in Congress

As the vote on the new Contra aid package draws near, the White House and State Department are certain to step up calls on you and the Agency for assistance on the Hill. As a consequence, we need to decide what kind of assistance a non-political agency should provide and what kind it should avoid.

Do you agree with the guidelines? I would appreciate an opportunity to discuss this with you before next week's round of Congressional appointments. I have asked [] for 10 minutes.
